On Feb 22nd & 23rd

ABOUT COLLEGE

JNTUA College of Engineering, Kalikiri is a constituent college of JNTU Anantapur which was established in the year 2013. The college offers B.Tech. courses namely Civil Engineering, Mechanical Engineering, EEE, ECE, CSE & Food Technology. The college is governed by the rules and guidelines of JNT University Anantapur issued from time to time. The brand JNTUA is well known and recognised all over the state. The college holds good infrastructure facilities and faculty. The vision of college is “producing quality technical graduates and better leaders to the society”.

ABOUT CIVIL DEPARTMENT

The Department of Civil Strives for Excellence in Creating, Applying and Imparting knowledge to the students through comprehensive educational programs, research in collaboration with industry and dissemination through scholarly publications. The department offers a stimulating and well supported teaching environment with a well-established laboratories.

The department has well qualified, dedicated, co-operative and experienced faculties with various relevant specializations to compete with the current industry standards.

ABOUT SYMPOSIUM

Shilanya is the annual technical festival of Civil Engineering department of JNTUACEK. It is an event where young brains gather together to showcase their skills and compete with others to bring out their best. It is not about the competitions but also an platform where a lot of those new inspiring ideas can be visualized live and grasped. inspiring events twill guide engineers to dream bigger and make those dreams come true.

EVENTS

TECHNICAL EVENTS:

- Workshop (per head ₹800)
- CAD Contest (per head ₹500)
- PPT Presentation (per head ₹200)
- Technical Quiz (per head ₹100)
- Art Gallery
- Lab Exhibition (per head ₹100)
- Poster Presentation (per head ₹100)
- Model Making (per head ₹100)

➤ POWER POINT PRESENTATION TOPICS

- Geo- Polymerization
- Smart Structures
- Solid Waste Management
- Green Technology
- Shear wall Technology
- Repair and Rehabilitation
- Nano Concrete
- Segmented Technology and Pre Fabrication
- Any innovative Civil Engineering topics

NON TECHNICAL EVENTS:

- Selfie Contest
- Dub smash Contest
- Musical Nyt
- Spot Events
- Short Film Contest (per head ₹250)

Note:

- A maximum of 2 students are allowed for a presentation.
- The participants are expected to arrive at the campus with a hard copy and a soft copy of their presentation.
