CAREER AWARENESS PROGRAM

Greetings from JNTUA CE KALIKIRI.

We are happy to invite you to join the live session on " **Your World, Your Life, Your Career - What do the next 40 years have in store for you?**" by Mr.Vishal Kamat, organized by NPTEL TEAM, IIT MADRAS.

About the session- In this session, we will explore how evolving technologies, geopolitics and mindsets may impact how we live over the next 40 years. We will ask some difficult questions about what defines success and how that relates to happiness. We will then try to connect the dots to try and understand what will make or break careers of those of us that are entering the workforce at this exciting time.

Speaker Profile: Vishal Kamat is the Director of engineering and SaaS operations for IBM's mobile security product portfolio – MaaS360. In this role, Vishal is responsible for global product development, support and operating cloud data centers for this market leading SaaS offering. He is also the center head for the IBM Security Labs in India. Previously, Vishal was the Head of Strategy at IBM's India Software Lab. In this role he was responsible for various growth initiatives that drove innovation, technical vitality and maturity within the lab. Vishal also led the internal and external communications strategy for the Lab.
