

JNTUA College of Engineering: Kalikiri

SEASON OF FESTIVALS – SUGGESTIONS

Dt.: 5th October 2021

CIRCULAR

This is to **INVITE** attention of all *Students of our JNTUACEK*, to propose a few suggestions at the access of season of festivals.

Being Indian citizens, we all relish to rejoice festivals with diverse activities and traditions. While we are preparing to celebrate various festivals from this month 'in plethora' till January, I request all of you to focus on the points mentioned below.

- All families have experienced dire conditions due to the recent pandemic.
- Many 'breadwinners' lost or diminished their income sources, they need to be revived at the earliest.
- Economic activity need to be flourished vis-a-vis financial status of individual families.
- Search for opportunities to help needy people around you on each occasion of festival, if you can.
- Plan for future festivals of your life to be in unrivaled condition, with proper planning of your career.
- Rededicate your comprehensive stint of time ahead for your achievement of your ultimate goal of career.
- Resolve for being professional in attire, behavior, communication, presentation and participation from now onwards.
- Festivals gives you an opportunity to procure 'FORMAL' dresses instead of regular informals.
- Resolve to be Healthy and Physically FIT, and always HAPPY and SMILING.
- Resolve to UPGRADE in TECHNOLOGY OF THE DAY, lest become obsolete.

WISHING YOU ALL A HAPPY SERIES OF FESTIVALS AND EFFECTIVE RESOLUTIONS AND OUTCOMES.

--- Prof. M.L.S.Deva Kumar PRINCIPAL, JNTUACE KALIKIRI
