COLLEGE QUARTERLY MAGAZINE

JACKSPOT

EDITORIAL

“The greatest glory in living lies not in never falling, but in rising every time we fall” – Nelson Mandela.

It is a common experience to students dwindling in certain tasks, but it is obligatory to take it as a challenge and to try relentlessly to accomplish it. Of course one should be vindicated with their goals, they need to be positive in attribute and go in line with the tolerable ‘ways and means’ to get, palpable by associates. There is simple tip always worth following ‘**if the plan does not work, change the plan, not the goal**’. I wish all the students of JNTUACE Kalikiri to set their GOALS as high as possible and start to plan to achieve it. The college environment is good to put to practice all the planned activities for the career growth along with strengthening physical and mental health.

In this last 3 month’s time there were many good activities transpired on the campus, which are going to be presented in this issue of ‘**JACKSPOT**’. Amongst all of them, I prefer to mention THREE BEST ones. They are resolving long pending demand of the students i.e., INAGURATION OF **COLLEGE CANTEEN** and **STATIONERY STORES**; Conducting Student Induction Programme (SIP) for the First Year admitted students; Inviting a professor from **IIM Lucknow** to interact with staff and students. All the other activities presented reflect the commitment and dedication of the coordinators and students interest and growth.

I wish ALL THE BEST for the forthcoming EXAMINATIONS and Placement Drives of the Student Friends.

--- Prof. M.L.S.Deva Kumar, PRINCIPAL, JNTUACEK

APSCHE

Andhra Pradesh State Council of Higher Education

From the Chairman's Desk

Why do you learn?

My dear students, why do you learn what you learn? How do you learn? Do you learn curiously? Have you ever questioned yourself? What is the purpose of your learning? Is it only to get employed and settle in life? How are you going to create an impact through your education? What is the meaning of your learning if you don't participate in societal development?

Wisdom comes not from age, but continuous education and learning. Education is the passport to the future for tomorrow belongs to those who prepare for it today. Continuous learning is fundamental to the progress of humanity. Let us question, do you learn continuously for your progress? Did you inculcate the habit of reading? Do you share your knowledge with others? Do you learn something new every day? Do you learn new skills and competencies during your education? Do you actively participate to learn from your surroundings? Do you interact, discuss and debate with your peers? You need to learn to participate and participate to learn from your peers, society, and environment. If you don't learn regularly, you become obsolete and irrelevant like a mobile phone that's not been updated for four years. Without the required skills and competencies, you can neither empower yourself nor the society you live in. If you don't learn regularly today, you will miss your passport for the future. An opportunity lost can never be brought back.

Education is the only possession no one can take away from you. Hon'ble CM always reiterates that **"quality education is the greatest asset we can give to our posterity"**. We all know that education is expensive but the government is spending thousands of crores because ignorance isn't only expensive but also precarious. The Hon'ble CM never considers the spending on education as an expenditure but as an investment for the future. He understands that education is the key to unlocking the world and he is preparing you all for a brighter future. It is also your responsibility to pay back to the society which supports your learning. If you are not willing to learn, no one can help you; and if you are determined to learn, no one can stop you. Don't stop till you accomplish what you are destined to and fulfill your responsibility wholeheartedly. Always remember the question "Why am I learning?" Happy Learning!

Date: 11.02.2022

INTERNATIONAL DAY OF OLDER PERSONS

01-09-2021

The steady security in an old age home gives them protection from intruders and helps them live a safe and secure life. One of the factors that make old age homes attractive to elders is the companionship. They are in constant company of people their own age.

The purpose of this visit was to make the NSS team realise their social responsibilities towards senior citizens. Such visits also activate the thought process to realize the agony and pain which the people go through in their old age while living away from their dear ones.

NSS team have distributed fruits and groceries to all the people over there and spent lot of time over the whole day. NSS Program Officer Dr. K. Aparna supported a lot for this event and gave a lot of courage in this pandemic condition from our college.

Awareness and safety measurements to be taken in this pandemic situation has also explained by the team. It is important to follow up those actions by everyone to prevent themselves from this viral situation.

Finally, the service program has ended with lots of satisfaction. NSS meant for its own services towards the society. This became true always when we had gone through such camps and by giving hand to needy people. The one smile on their face makes our heart melts with joy.

Our college and whole NSS team had helped to move on these kinds of activities anywhere and at any time. We feel proud to have an encouragement for social services from everyone in the campus.

GANDHI JAYANTHI

2nd OCTOBER 2021

JNTUA College of Engineering, Kalikiri had extravagantly celebrated the Gandhi Jayanthi on October 2nd 2021. The event was organised by Dr. K. Aparna NSS Program Officer(Unit-1).

Celebrations of Gandhi Jayanthi

The event had started with the speech of the Vice Principal.

The Vice Principal Dr. C. Subhash had spoken about the sacrifice made by Gandhiji and spoke about the achievements as the Father of the Nation. He further asked the students to continue the legacy of Gandhi who strived and struggled hard for the Independence.

The head of the Electrical Dept. Dr. M Venkateswara Rao spoke about the Peace,

Gandhiji had taught to the Nation and requested all the students to continue the legacy of his peace policies. He also explained the students about the peaceful movements led by Gandhiji during Independence struggle. He further spoke about the administration established post-Independence by Gandhiji.

The program ended with the vote of thanks proposed by Dr. K. Aparna who spoke about the achievements of Gandhi as a

National leader. She thanked the Principal Prof. M.L.S. Deva Kumar and vice principal Dr. C. Subhash for his support by administrating such a successful event. She praised the NSS Volunteers for structuring the event.

Group picture of the students, teaching and non- teaching faculty

VICE CHANCELLOR'S VISIT – REPORT

The “YEARNING DESIRE OF THE CEK” students since its inception, fulfilled during the first visit of Hon’ble Vice Chancellor Prof. G.Ranga Janardhana after assuming the office, to JNTUA College of Engineering, Kalikiri. The craving YEN was “CAMPUS CANTEEN”. During Vice Chancellor’s visit on 8th October, 2021 he inaugurated the canteen and initiated the functioning of CAMPUS CANTEEN.

Prof. M.L.S. Deva Kumar Principal of the College along with Prof. C. Subhas Vice Principal, HoDs of various departments, Asst. Registrar and Staff bid a grand welcome to Vice Chancellor at College Guest House. After breakfast, Hon'ble Vice Chancellor had a brief and compact discussion with the heads of all departments in the Guest house Conference Hall.

He discussed about the development of the Institution. He was informed that the water scarcity has reduced when compared to the past and was requested to improve water availability in the campus. He further instructed the college administration to plan for alternate avenues or water sources and suggested for digging additional borewells if necessary. He informed that he would arrange faculty recruitment (both regular and Adhoc) as soon as possible. He discussed about the Post-Graduation courses and uttered that they would start for the

Academic Year 2022-2023 for instilling Research and Consultancy, not less than one course for each department.

Prof. Ranga Janardhana inaugurated the Canteen Facility, which was worth mentioned under stress that, although the college had opened in 2013, it took eight long years to open a canteen, by which it facilitates all the 1500 students and staff with food and refreshments in house, saves lot of time and money and particularly gives an opportunity to meet and greet and have psychological relief from regular work or study tensions.

As soon as the canteen was opened, a convention was held in the auditorium for which the students, teaching and non-teaching staff, heads of all depts., the vice-principal and the principal had took-part along with the Vice Chancellor. Prof. D. Neeraja HCED invited the

gathering and The Vice Principal Dr. C. Subhash had presented the brief introduction about the institution and the activities held by various departments. The Vice Chancellor had got impressed by the presentation of Dr. C. Subhash about the co-curricular and extra-curricular activities conducted by various departments.

The Vice Chancellor intervened about the requirements of the institute and the challenges & issues to be solved and were to be noticed. He enunciated that the faculty were to be recruited very soon. He advocated the students to utilize the benefits provided by the administration. He also recommended students to make-use of the library. He promulgated that the Post-Graduation courses would start from the next Academic Year (2022-2023). He assured that he would visit the campus very frequently and look-into the development of the campus.

The Principal in his address, presented the activities of Students and Staff including recent state level award won by the First Year Mechanical Engineering Students in Makeathon

2.0. He described about the NSS activities ushered in and out of the campus. He conveyed his gratitude to the Vice Chancellor for his magnificent presence at the campus for the opening of the canteen and for spending his valuable time for the developmental activities in the campus. He thanked the Hon'ble Vice Chancellor and all the Team of University Administration for sanctioning, a Medical Officer to the campus and for according permission to procure a Tractor along with implements to the campus.

Hon'ble Vice Chancellor launched the FIRST ISSUE of College Magazine "JACKSPOT" in the presence of all CAC members of the College. He expressed that, it is a blissful time to bring out THE FIRST issue of "JACKSPOT" the quarterly magazine of JNTUA College of

Engineering, Kalikiri. He appreciated the TEAM JNTUACEK for an wonderful initiation and blessed to grow the range of items in the magazine to spread in various directions.

Principal Prof. M.L.S.Deva Kumar narrated the fruition of the magazine as, Out of several names proposed by dynamic students of JNTUACEK, the above

name selected by the Jury Members. The term "JACKSPOT" is an acronym stating "Jntu Anantapur Campus at Kalikiri - Sceptre-Pulse of Outshining - Tannoy".

'Sceptre' means Official Ornament of Rulers, 'Pulse' is an regularly occurred

wave or beat, 'Outshining' means much more skilful and successful than someone,

'Tannoy' is one type of public announcing system. And the term designed to portray it as "JACKSPOT", in which, with absence of 'S', it gives a treasure without much effort i.e., "JACKPOT", whereas 'SPOT' indicates the highlighting of the events or activities or talents or messages with 'SPOT'LIGHT.

He appreciate the students and staff of JNTUACE Kalikiri for toiling to initiate and bring out the first issue of "JACKSPOT". I wish wholeheartedly the institution flourish with ZEPHYR, in leaps and bounds and to reach ZENITH in Technical Education.

The Vice Chancellor Dr. G. Ranga Janardhana was felicitated by the Principal, the Vice Principal and the Heads of all depts. with a memento.

The event had concluded with the proposal of Vote of Thanks by the Head of CSE dept. Dr. Shaik Naseera. She expressed

her gratitude and delightedness to the Vice Chancellor for his magnificent presence in the campus.

TEST THE TRAINER PHASE-II

Test the Trainer Phase-II, for the teaching staff of the college was conducted on 23-10-2021 between 2:00PM and 4:00PM. The program intends to clarify English language and grammar associated doubts. Prof. M.L.S. Deva Kumar, Principal chaired the session while MS. Vimala.V and Mr. P. Basheer Khan, Assistant Professors (Adhoc), Dept. of English acted as the resource persons. The staff interacted and discussed about their doubts and the concerns of English. The session was made more lively with activity and active involvement of the participants. Prof. M. Venkateswara Rao, HEED and Prof. V. Nagaprasad Naidu, HMED were also among the participants.

CLEAN INDIA PROGRAM

25/10/2021

JNTUA College of Engineering, Kalikiri (NSS Unit-1) administered the Clean India program in the town of Kalikiri. The final year students of the college had walked to the Railway Station and cleaned the premises of the station

Students cleaning the premises of the Railway Station

Railway Station Master Mr. Venkateswarlu , Kalikiri thanked NSS Program office Dr. K. Aparna, and NSS Voulnteers for conduction of CLEAN INDIA Program at the Railway station Premises.

RASTRIYA EKTA DIWAS

30/10/2021

JNTUACEK (NSS Unit-1) had celebrated Rashtriya Ekta Diwas named National Unity Day moment on the behalf of Sardar Vallabhbhai Patel efforts for the integration of India. To acknowledge his efforts and sacrifices, on this day people gathered and celebrate the unity of nation.

This auspicious day was celebrated different events like seminars organized in our institution. Students have participated in declamation, speech.

More over our principal and lecturers have proposed to maintain this unity among students too.

We took the pledge on Rashthriya Ekta Diwas to foster and reinforce our dedication to preserve and strengthen the unity, integrity and security of our nation.

REPORT ON LEGAL AWARENESS PROGRAM

3/11/2021

JNTUA College of Engineering, Kalikiri had venerably celebrated the PAN India Program for Legal Awareness Program. Shri Isukapati Karuna Kumar was invited as a Chief Guest. The event had started with JNTUA Anthem and a video on Anti Ragging.

The Vice Principal Dr. C. Subhash and Chief Guest were invited on to the Dias. The

bouquets were presented by final year students.

The Chief Guest and the Vice Principal with bouquet

The Vice Principal had spoken in his speech that the students must follow the rules and regulations of the state. He

also suggested not to disrespect and disobey the fundamental duties of our Constitution.

The final year student Suresh Bhagya Shree presented the profile of the Chief Guest.

The Chief Guest had spoken the importance of Judiciary and stated the policies of Girls safety. He also explained the special polity cases like Kesavananda Bharati, Bijoe Emmanuel. He also spoke that Ragging can depress a student both mentally and physically. He suggested the students to take care of their parents.

Chief Guest delivering the speech

The Chief Guest Shri Isukapati Karuna Kumar inaugurated his book in the presence of Vice Principal and heads of various departments and some of the students.

and heads of various departments.

The Chief Guest presented the copy of his book to the Vice Principal

Vice Principal honoring the Chief Guest

The program was ended with the vote of thanks delivered by Dr. K. Aparna, Professor of ECE Department.

CAMPUS CLEANESS PROGRAM ORGANIZED BY MESA

Mechanical Engineering Students Association (MESA) of JNTUA College of Engineering Kalikiri, organised campus cleanliness program on 10-11-2021. This program was inaugurated

by Dr. M.L.S. Deva Kumar Principal, JNTUACEK, Dr. C. Subash, Vice-Principal, Dr. V. Naga Prasad Naidu Head of Mechanical Engineering, Dr. D. Neeraja Head of Civil, Dr. M. Venkateswara Rao Head of EEE, Dr. S. Naseera Head of CSE. Principal, Dr. M.L.S. Deva Kumar appreciated Mechanical Engineering Students for selecting Campus cleaning program as first program (001) under MESA and advised to conduct many such programs. Vice-

Principal, Dr. C. Subash advised the students to continue this campus cleaning program for maintain a clean campus. Dr. D. Neeraja Head of Civil Engineering advised the students to make the waste collected in to useful material. Dr. M. Venkateswara Rao Head of EEE

advised the students to involve students of all branches and to create awareness to maintain a clean surrounding. Dr. S.Naseera Head Of CSE advised the students to convert this wasted in vermicompost and feed for plants of our campus. Finally, Dr.V. Naga Prasad Naidu Head of Mechanical Engineering appreciated the students for organising this program and advised to continuing this program on every Wednesday evening after completion of classwork for one hour.

TEACHER IS A SOCIAL AGENT FOR CHANGE

“Teacher is a Social Agent for a Change in the society – Teacher can motivate generations for the transformation and will be able to establish a positive culture in an organization and in the society” quoted by Prof. S.Venkataramanaiah of Indian Institute of Management Lucknow (IIML) and Executive Council Member of JNTUniversity Anantapur.

Internal Quality Assurance Cell (IQAC) of JNTUA College of Engineering Kalikiri conducted a workshop on “Excellence in Teaching and

Research” on 16th November, 2021 for the Teaching Faculty members of the college. Prof. M.L.S.Deva Kumar Principal, JNTUACEK presided over the programme and introduced Prof. S.Venkataramanaiah to the participants. During the workshop in his keynote speech Prof. Venkataramanaiah delivered sessions on “Teacher – Ethics” and “Teacher – Role in Change of Society” and “Teacher – Research”. He focused on the

personal attributes of the teacher initially stated that, A teacher should maintain proper “DRESS and ADDRESS” to distinct himself / herself. Depending upon the occasion personal grooming is required for proper compatibility and should be a role model to the students. Properly designed and informative visiting card of a teacher should reflect the uniqueness of the teacher. Teacher need to unlearn many things to become a good teacher. Teacher need to learn to “listen” more, which is generally difficult to a teacher. It is required to have open mind for unlearning and learning. For this teacher should use open sources for learning and should inculcate a habit of reading newspapers regularly. Teacher is instrumental in infusing “Ethics” in to the minds of the students. Especially present generation students required more of teaching morals and ethics. Four years of their time will be available for teaching community of a college and this period is quite sufficient to make the students to learn ethics from the culture of the institution. It is required to observe society to note the ethical issues like unethical relationships, Disturbed families, No bonding between family members etc., and need to give proper guidance to the students to overcome such malpractices. It is great, if the effort of the teacher changes a few students and best persons, away from unethical practices. Treat every student as own child. Make students good at communication skills, not only speaking skill but also writing skills. Student Teacher relation is everlasting and students are the ultimate assets for the teachers. Teacher should discourage

students from malpractices like copy, lie etc.,

Teacher can teach up to 80 % from the book, but should have 20 % from the society. It is required to make students to pond upon Economy, GDP, National schemes and plans and also on Leadership and Entrepreneurship. Teacher need to give local examples of success stories, which will boost up the morale of the students. Need to teach fundamentals and stuff not available in the books. News items can be taken as content for teaching concepts.

Research is mandatory for the teachers. Teachers need to have target of producing good quality papers every semester. Students should also be encouraged to join in the process of publishing papers. Having innovative and creative bent of mind is required for a teacher. While writing research paper, writing with right language and terminology are important.

Prof. M.L.S.Deva Kumar
Principal, Prof. C.Sushas Vice Principal, HoDs
Prof. Neeraja, Prof. M.Venkateswara Rao,
Prof. V.Naga Prasad Naidu, Prof. Naseera,
Dr.N.Saritha, Dr.N.Zafrunisha, Dr.K.Aparna
and all the teaching faculty participated.

Constitution Day

JNTUACEK NSS Program Officer Dr. K. Aparna (Unit-1) organized the constitution day also known as “Samvidhan Divas” on 26-11-2021.

**JNTUA COLLEGE OF ENGINEERING KALIKIRI**
CHITTOOR DISTRICT, ANDHRA PRADESH, 517234

NATIONAL SERVICE SCHEME

NATIONAL CONSTITUTION DAY

**Let's salute the constitution that made
INDIA into a SOVEREIGN, SOCIALIST,
SECULAR, DEMOCRATIC REPUBLIC**

Reading the preamble to the constitution is an important part of the celebrations and reinforce the nation's obligation towards upholding its constitutional ideology.

Webinars on constitutional values and fundamental principles of the Indian constitution may also be organized. While doing so it may be ensured that guidelines issued in the wake of COVID-19 pandemic are adhered to.

SIP (STUDENT INDUCTION PROGRAM)

The student induction program started with the registrations of students, the registration process continued from morning to the noon of 29th November 2021, the forenoon of the day gave the newly admitted students and their parents, an introduction to SIP. The introduction included purpose, process and the product of SIP. On day one, apart from the parents, around 50 students attended the SIP and got benefited from the program. Through various speakers, they received the most crucial information about the college, hostels, exams, syllabus, carrier opportunities, SIP initiatives, physical fitness, placements and many more. By the end of the introduction programme, students are found to be highly motivated, completely involved and well informed.

The speakers of the programme includes Prof. M.L.S. Deva Kumar, Principal; Prof. C.

Subhas, HECED & Vice Principal; Dr. N. Saritha Co-ordinator of SIP; Prof. D. Neeraja, HECED & HFTi/c; Prof. Shaik Naseera, HCSSED; Dr. K. Aparna, OIH, TPO & NSS officer. The programme is moderated by Ms. Vimala, Asst. Professor (Adhoc), Dept. of English.

Inaugural of SIP on 29th Nov, 2021

Self Introduction:-

An activity was conducted to the students by Dr. N. Saritha, SIP Coordinator and

Ms.V. Vimala Asst. Coordinator to introduce themselves. All the first year students participated actively in this session.

Soft Skills:-

A Session on “soft skills” was given by prof. C. Subhas, Vice Principal, JNTUACE, kalikiri.

He gave an inspirational speech inter personal skills, time management skills & Professional Ethics.

APSSDC SKILL DEVELOPMENT:-

As a part of SIP basics of computer skills and training with hands on practice session to first year students of JNTUACE Kalikiri from 1st Dec,2021 to 7th Dec,2021 by Mr. K. Raja Reddy from APSSDC.

He gave an over view of placement opportunities to the students. The session gave a clear picture of eligibility criteria, recruitment process & training process.

APSSDC Skill Development by K. Raja Reddy from 1st Dec, 2021 to 7th Dec, 2021

Art of Living & Life Skills:-

A session on “life skills” and “Art of living” by Mr. MCV Prasad from Prakruthi

vanam(Madhanapalli), Neurologist Dr. Climas from Mangalore and Ms. Aruna from Tirupathi. They gave a lot of information about organic farming, importance of health and Yoga.

Art of Living and Life skills by Neurologist Dr. Climas on 2nd Dec, 2021

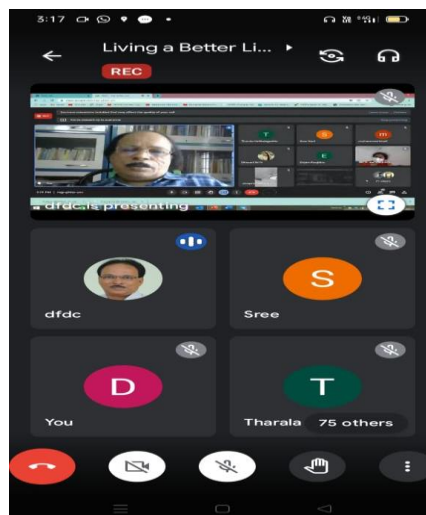

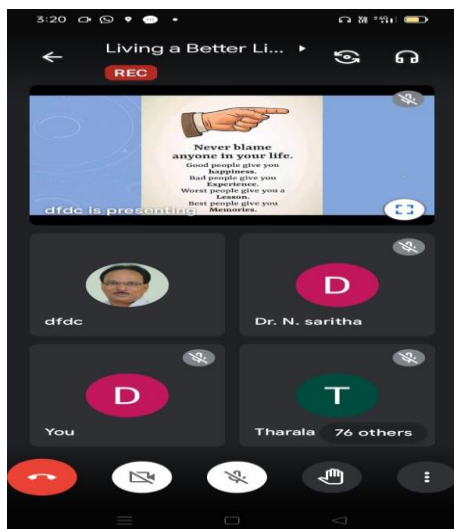

Constitution of India:-

A session on “Constitution of India” by Dr. Y. S. Muniratnam Rtd. Professor. He gave a lot of information about schedules and articles of constitution of India, Which are helpful to know the administrations of govt. institutions to the students in their life.

Living a better life – Values, perception & Emotional Intelligence:-

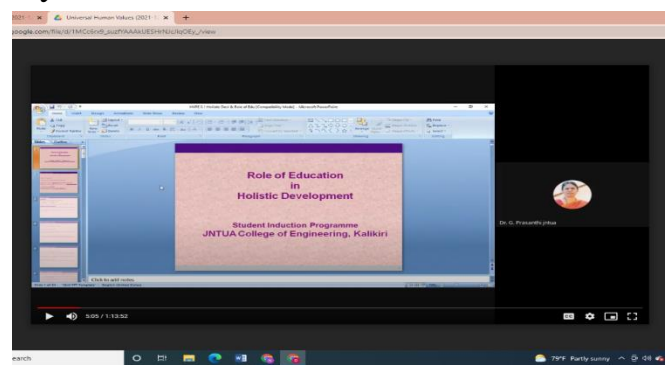

A motivational talk on values, Emotional intelligence for living a better life was given by Prof. P. R. Bhanu Murthy, Director FD & IQAC, JNTUACE, Ananthapuramu.

Living a better life by Prof. P. R. Bhanu Murthy Online Speech on 6-12-21

Universal Human Values:-

A special guest lecture was given to the first year students on Universal Human Values

by Prof. G. Prasanthi, Dept. Mechanical, JNTUACE, Ananthapuramu. This session provided a lot of information on Human Values and Ethics.

Telugu Literature:-

As a part of SIP a session by Sree Vempalli Abdul Khadhar, Rtd Lecturer in telugu,

Popular writer. In this session he gave a lot information on telugu literature, poetry writing in telugu and story writing in telugu.

Telugu Literature by Sri V. Abdul Khadar on 7th Dec, 2021

Ethics and Values for Students:-

A session on Ethics and Values for students was given by Prof. C. Neeraja, HOD of Civil, JNTUACE, Kalikiri. This Session provided a lot of information on different kinds of Values and Ethical behavior to the students.

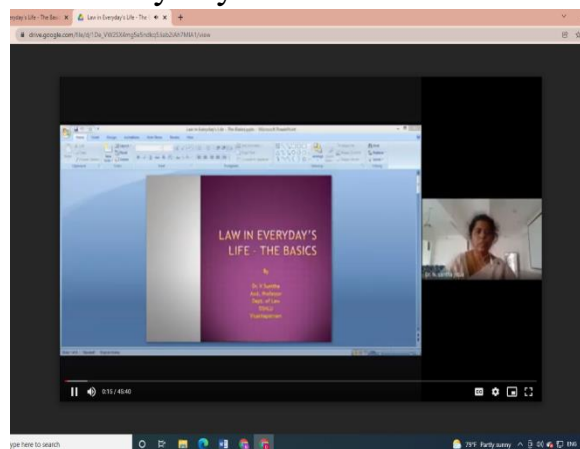

Communication Skills:-

A session on communication skills by Dr. M. Vijetha, YVU provided information about Verbal and Non Verbal Communication and gestures.

Law in Every day's Life – The Basics:-

As a part of SIP the importance of Law in every day's life – The basics was given by Dr. V.

Sunitha, Asst. Professor, Damodaram Sanjeevaiah National Law University, Visakhapatnam. From this session students learned the fundamental

duties of citizen, Consumer Rights and Importance of First Information Report (**FIR**).

Universal Human Values:-

A session on Universal Human Values by Ms. V. Vimala, Dept. English, JNTUACE, Kalikiri. This session provided a lot of information on Human Values and Ethics.

Music for Personality Development:-

A Session Music for Personality Development by Prof. N. Saileswari, SPMVV,

TIRUPATHI. She provided the information on importance of Music for every one and how to reduce the stress and depression by listening music.

Humanizing Engineering Education:-

As part of SIP a session on Humanizing Engineering Education is delivered by Popular

Humanist Prof. K. Venkat Reddy, Rtd. Professor of English, & Former Principal of SKU,

Ananthapuramu.

Financial Education and Investment Planning for Beginners:-

As part of SIP a session was given by Dr. K. Rajendra Prasad, Financial Education Resource person – SEBI. In this session he gave lot of information on planning of investment in shares, importance of insurance and savings.

Condolence to GENERAL BIPIN RAWAT by JNTUACE Kalikiri and ITBP 53rd Battalion on 10th Dec, 2021

The 53rd battalion of ITBP Kalikiri and JNTU Kalikiri jointly staged a silent demonstration as mark of respect to those who were killed in chopper crash including Combined Defence Services Chief General Bipin Rawat, in Tirupati on Friday. Deputy Commandant Avadesh Narayan, Assistant Commandant (Engineer) Ranjan Kumar, Subedar Major Vijaykumar, Jawans, JNTU faculty and students participated in the programme

11/12/2021 TIRUPATI Pg 07

A Special guest lecture Prof. V. B. Chitra, Dept. of English, JNTUACE, Ananthapuramu gave a lot of information on “Verbal & Non Verbal Communication -Proxemics”.

Employment opportunities in the New Economy:-

A session conducted on “Employment opportunities in the New Economy” by prof. G. Anjineya Swamy, Dean In charge, Central University, Ananthapuramu. From this session students learnt a lot information on Employment Opportunities in various fields in the New Economy.

Youth & Personality Development:-

A motivational talk on Youth & Personality development was given by Dr. P. Vijaya Kumar, Lecturer, SML Govt. Degree College, Kurnool.

Health Education & Wellness Awareness:-

A session on Health Education conducted by Dr. Bhargavi, Medical Officer, JNTUACE, Kalikiri. The Session provided information

on Importance of mental emotional Health and Usage of first aid kit.

Motivational Speech:-

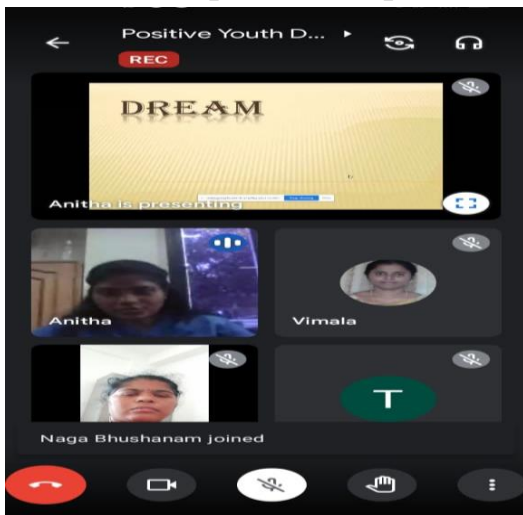

A session on Motivational speech by Dr. Thalari Sanjeev Kumar, JABA Training Academy Ananthapuramu. The session was very informative to students. He gave a lot information about Engineering

graduates Vs Engineers, Industry Expectations and Carrier Planning & Guidance.

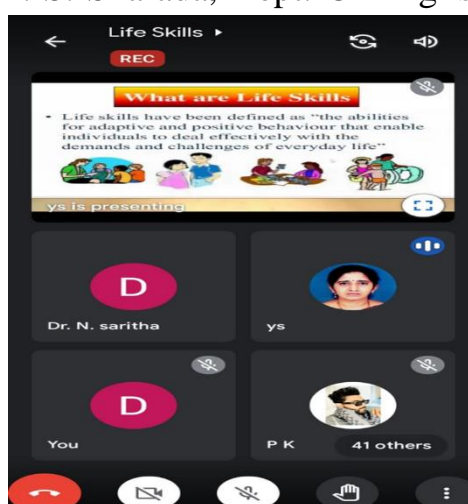

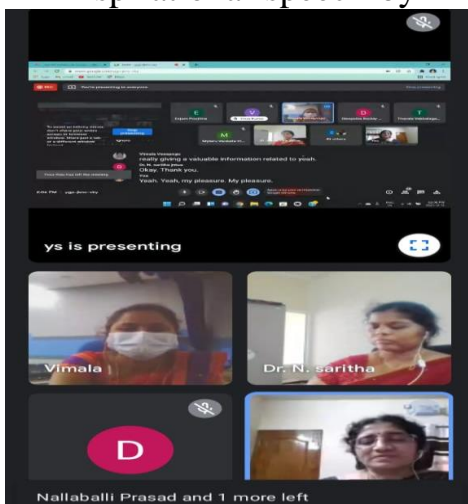

Positive Youth Development:-

An Inspirational speech was given by Dr. P. Anitha, Psychologist. She gave a lot information about 5C Model of Positive Youth Development and explore students with innovative strengths, Institutional resources, family, peer and community.

Life Skills:-

An Inspirational speech by Prof. Y. S. Sharada, Dept. Of English Language and Literature, SPMVV, Tirupathi on Life skills. The Session is about self awareness empathy, effective communication, inter personal relationships.

“Food Technova” 9th and 10th December, 2021

Food safety is Everyone’s business

“Technology in Food” with this motto Food Technova – a national level technical

symposium was inaugurated on 9th December 2021. This year it is celebrated with theme of “Safe Food Now for A Healthy Tomorrow” which state that what we eat reflects in our health. Consuming Safe food acts as medicine and helps to improve the human system and supports to fight with diseases.

While delivering the inaugural address of the program organized by Dept. of Food Technology, JNTUA College of Engineering Kalikiri, the president of the meeting, Prof.

JNTUA COLLEGE OF ENGINEERING, KALIKIRI

M.L.S. Deva Kumar Principal of the JNTUACE Kalikiri has given a call to all the participated students and faculty members to understand the challenges in the agricultural, food processing sector at various stages and how they are affecting the country’s wellbeing as well as economy. He stressed on how every individual is responsible to maintain the food quality and safety throughout the supply chain i.e., “from Farm to fork”. He also emphasized on creating awareness about schemes on food processing sector launched by Hon’ble Prime minister and their role in developing entrepreneurship skills in the present generation.

In this meeting the Convenor and Head of the Department, Prof. D Neeraja expressed her views on the importance of Food processing.

This occasion was graced by the presence of Chief Guest Mr. G Prabhakar, Assistant

Food controller of Chittoor and Ongole Dist. In addressal to the gathering he discussed about

major issues and challenges that are faced by a food industry or any food business operator. He also shared his experience in the sector of Food safety with students that was very inspiring and

motivational.

In this occasion Guests of honor who delivered session's viz., Dr. N.N. Misra, Director, Ingenium Naturae pvt. Ltd. Gujarat and Ms Shilpa Vaidya, CEO at Incredible Minds, Bengaluru.

In his addressal Dr. N.N. Misra, explained about the importance of Food Technology and wide opportunities available for students. He created awareness on recent developments in food processing such as Novel techniques that helps to retain nutrition and beneficial for Consumers. He also emphasized about the role of other engineering streams in food processing.

Ms. Shilpa Vaidya, an entrepreneur in the field of technology gave an insight to how world is changing and explained the importance of technology in all the fields.

The program was also attended by Jagadish, Food safety officer, Chittoor Dist.

Dr. C. Subhash Vice Principal, Other Professors Dr. V. Naga Prasad Naidu, Dr. M. Venkateswara Rao, Dr. Naseera, Dr. Aparna, Dr. Zafrunissa along with participants from JNTUA CEK, Kalikiri and other colleges participated in the program.

Plantation Program on 21st Dec 2021

We have conducted a Plantation Program in our college. In this plantation program the principal Prof. M. L. S Deva Kumar expressed the

importance of planting trees and saving nature. The most striking feature of this event was that it was organised by NSS program officer Dr.K.Aparna (Unit 1) of our college. The principal and other professors were joined in this program. They also watered the trees. The event ended with an oath to protect our environment by conducting such tree plantation programme to establish the worth saying “one tree, one life”.

MOU WITH BRITISH COUNCIL SPOKEN ENGLISH COURSE 29-12-2021

JNTUA Kalikiri Engineering College Principal Dr. M.L.S. Deva Kumar and British Council representative Mr. Goutam Das, on behalf of CSC e-Governance Services India Limited under the Ministry of Electronics and Information Technology (Government of India), have a Memorandum of Understanding to implement the British Council career stroke and IBM course

MOU SIGNING WITH BRITISH COUNCIL

Principal Prof. M.L.S. Deva Kumar was speaking in the programme; he said that young people need the skills and values to make sense of what is happening in the world around them in a rapidly changing globalized world. The British council spoken English course is designed to suit the student's needs concerning the current level of experience and helps develop English skills. English has quite a significant role in day-to-day life. Students are prime learners of English because if they want to build up a good career, they have to have good English speaking skills and confidence to face many people in interviews. Without English, it is very tough to manage in this ultra-modern world. And also he adds, we are delighted to partner with British Council to create a meaningful impact and hope it will provide access to specialized English language skills among students. He also added that a total of 354 students are registered for the programme.

Principal Dr. M.L.S. Deva Kumar speaking at the programme

Vice Principal Prof. C. Subhas addressing the gathering, said that in the complex 21st century, it is perhaps appropriate to say that the global language for employability is English. Hence, this course is beneficial to students to get better employment in the future. People who speak English fluently have more job opportunities. Businesses need employees who can communicate effortlessly with English-speaking partners and clients.

Head of Mechanical Department Prof. V. Naga Prasad Naidu, English department faculty P. Basheer Khan and students was joined in the programme.
